

Delivering Together: Have Your Say

MARCH 2020

Over the next few weeks Physiotherapists, Social Workers and Mental Health Practitioners will be joining your GP Practice Team.

In the future you will be able to book an appointment directly with these professionals – freeing up your GP to help more complex medical cases.

We are keen to hear what matters to our patients in setting up this new service.

If you would like to get involved please contact:

Email: JacquelineT.Morton@southerntrust.hscni.net **Tel:** 028 3044 7647

www.health-ni.gov.uk

To complement the existing staff within GP practices, three new practice based roles have been created:

- ▶ First contact physiotherapists
- ▶ Social workers
- ▶ Mental health practitioners

You can book an appointment with any of these services directly without first seeing your GP.
